### Vision:

- We must safeguard our community values.
- Highland roads are in need of significant improvement.
- Transportation decisions must meet the needs of Highland residents.
- Our budget is tight. We need to make the right decisions that are best for us not only today but we must also look at their impact to our future.
- We must continue to have and protect our open space, quality schools, parks, and trails.
- Commercial business wanting to locate in Highland need to benefit the citizens of Highland and add to our tax base.
- Our community must be prepared for the natural disasters that will eventually impact us. The city must lead by example.
