

Highland City Arts Council Minutes
May 4, 2022

Power point presentation- Phoebe Hall
Why the arts council program?

Website:

Met with the UVU team. Not completed this season but partially completed so still working on it. Will work more on it with the next team. Need more pics. We need a tech person to help with maintenance.

Update: what is involved in the renovation? time period? time frame? classes scheduled downstairs? Will we still have use of classroom? basement lobby? Will rehearsals be shutdown for a period of time?

We need to meet with American Fork Arts Council and find out how they are using the lower rate for school buildings. insurance issue?

Power point:

Add ability to put up signs. and first rights of scheduling building.

Should we buy A-frames? cost? use?

We need a treasurer!

Email list ideas.
